

**Supplementary Figure 11.** WB analysis for TM6SF2 using anti-TM6SF2 antibody (TA335280, origene). Left lane: the lysate of 293T cells overexpressing Myc-NC plasmid; right lane: the lysate of 293T cells overexpressing Myc-TM6SF2<sup>E167E</sup> plasmid. β-Actin was used as loading control. WB, western blotting; TM6SF2 transmembrane 6 superfamily member 2.
